Germantown Soccer Club COVID-19 Protocols

4/14/2021

If a player or coach receives a confirmed positive test of COVID-19, the following protocols must be observed:

1. Notify the club immediately
 - a. Germantown Soccer Club COVID-19 contact: Jason Borchard, jhborchard@hotmail.com, (989) 751-3573
2. The name of the affected person will remain confidential, but the team can be notified
3. The affected player or coach will not be permitted to return to his/her team for 10 days after a positive test date
4. Germantown Soccer Club will follow WOHD (Washington Ozaukee Health Department) for further action to be taken

If a player or coach experiences known COVID-19 exposure, the following protocols must be observed:

1. Notify the club contact immediately
2. Germantown Soccer Club may notify the persons team of the positive exposure
3. If the positive exposure occurred during outdoor soccer activity, the person with exposure will not need to quarantine.
4. If the positive exposure occurred indoors at school, the person needs to follow guidelines as reported by the school, i.e. 10 day quarantine from school and all extracurriculars (including soccer).

If a player or coach is sent home feeling sick or with a fever, the following protocols must be observed:

1. Notify the club contact immediately
2. Germantown Soccer Club will recommend player or coach is tested immediately

Germantown Soccer Club maintains detailed tracking sheets for all team activities so we will easily be able to notify anyone who would have been in contact with the affected person. The only details that will be shared is the approximate date of contact.

Germantown Soccer Club will continue to monitor trends and adjust operations as needed moving forward. This includes, but not limited to, the cancellation of all team training and activities if advised by the WOHD.
